

## SCREW-IN SUCTION FILTERS

Suction filters are usually fit on side channel blowers as a coarse protection.

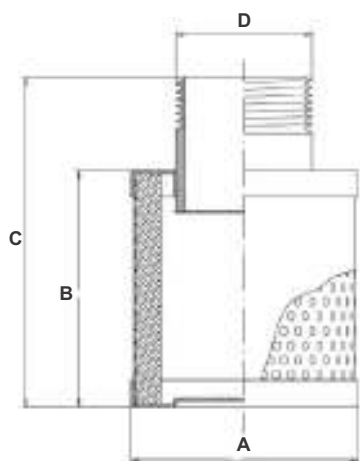

The Filter Technics production of metal mesh suction filters is made of galvanized metal and with 60 Micron AISI 304 filter media.

The filters produced are equipped with both male and female connections, but can be made with special connections, NPT or different sizes from those listed, which represent only the standard production.

## Male thread

CODE	DIMENSIONS			
	A	B	C	D
TSF.1001	60 mm	62 mm	98 mm	G. 1"
TSF.1002	70 mm	62 mm	98 mm	G. 1" 1/4
TSF.1003	80 mm	81 mm	118 mm	G. 1" 1/2
TSF.1004	90 mm	135 mm	178 mm	G. 2"
TSF.1005	140 mm	200 mm	242 mm	G. 2" 1/2
TSF.1007	180 mm	326 mm	382 mm	G. 4"

## Female thread

CODE	DIMENSIONS			
	A	B	C	D
TSF.2001	60 mm	62 mm	82 mm	G. 1"
TSF.2002	70 mm	62 mm	84 mm	G. 1" 1/4
TSF.2003	80 mm	81 mm	103 mm	G. 1" 1/2
